I hereby give consent for my personal data included in the application to be processed for the purposes of the recruitment process in accordance with Art. 6 paragraph 1 letter a of the Regulation of the European Parliament and of the Council (EU) 2016/679 of 27 April 2016 on the protection of natural persons with regard to the processing of personal data and on the free movement of such data, and repealing Directive 95/46/EC (General Data Protection Regulation).

Experience

React Developer at mobitouch

October 2022 - Present

Developing and maintaining web applications using React-based solutions.

- Mentored the frontend path of the company's mLab apprenticeship program during the summer of 2024. We spearheaded the development of LearnGo Quizzes, an AI-enhanced quiz sharing platform.
- Collaborated on Loymee, a loyalty PWA web application integrated with mobile wallets that empowers customers to collect points across various shops, restaurants etc., and redeem them for rewards.
- Initiated the development of LearnGo, a comprehensive and customizable learning management system tailored for companies and NGOs.

React Developer at Seth Software

July 2021 - September 2022

- Developed an instance of Fahrel Monitoring (a fuel delivery camera monitoring system) for a big European fuel transport company (React, Redux, TypeScript)
- Maintaining the Cropchart ecosystem web apps (Cropchart, Cropchart Manager, Brigadier) - a CRM-like platform for farmers (React, Redux, AG Grid)

Junior Front-end Developer at Brand Active

January 2021 - June 2021

- Developing Shopify-based e-commerce websites with technologies like Shopify Liquid and React
- Maintaining Brand Active's WordPress-based company website - adding new case studies and features

Flagship project

"Plan lekcji express" (React, Next.js, TypeScript, Tailwind CSS - open source project):

a mobile-first school timetable viewer that displays data based on static table-style web pages generated by VULCAN Optimum, used by 1,000+ students at ZSE Rzeszów, Poland ([project link](#), [repository](#))

Education

Bachelor's degree in Computer Science at University of Information Technology and Management in Rzeszów

2023 - 2027 (in progress)
